Subject: PESCHAUD - letter of recommendation

To Whom It May Concern,

I certify on behalf of TOTAL GABON that Peschaud Gabon (“Peschaud”) has been our logistics provider to extract, transport for maintenance and put back in place our crude oil loading arms at Cap Lopez Terminal using Peschaud 160 Tons crane mounted on a modular float barge equipped with anchoring winches.

Peschaud satisfactory provided a turnkey logistic work, including mobilizations, demobilizations, extracting the loading arms from their locations transporting them to Port-Gentil and back to site and put them back at their original position.

This operation involved a modular barge and tug, a crew/safety boat and a 160 Tons crawler crane.

Peschaud performed this scope of work without LTI and recordable spills.

Peschaud operated their own equipment and Personnel in a very professional way and in full compliance with Total Gabon’s QHSE standards.

Peschaud Team always collaborated on constructive way with Total Gabon Management Team to improve the global Operations / HSE performances.

Should you require more information, please do not hesitate to contact me by e-mail (fabien.pilati@total.com).

Yours sincerely,

Fabien PILATI – COMPANY Representative
